Dear Dr. Mothamaha

DONATION OF STOP SIGNS FOR PARYS

AfriForum represents the interests of its members and the community in Parys. I am writing on behalf of the AfriForum community regarding the lack of stop signs in Parys.

The AfriForum branch in Parys would like to donate 16 stop signs to the Ngwathe Local Municipality as there is a serious shortage of proper stop signs in town, which is a very dangerous situation and has already lead to accidents in town.

We heard that the municipality does not have the funds to buy signs at this point in time, so the Parys branch decided to donate 16 signs, five large and eleven small, which will make a noteworthy difference in town.

We handed over the signs to Mr. Bernie Mc Dermott, the Head of Traffic, only to hear that we should motivate the donation. Our motivation is the safety of the community. We can assure you that the signs were bought at an accredited dealer and are of high quality. They are SANS approved and the specs are correct.

We once more ask you to get the communication channels that we agreed on in previous meetings on standard in order to ease proper communication with the municipality. We offer a helping hand, which cannot be done when there is a lack of communication.

We sincerely hope that you will accept our donation, as it is for the good of our town.

Kind regards

Alta Pretorius
